

Mid North High Rainfall Zone 'Growing Pulses' Workshop

A half-day workshop starting with a workshop on 'getting the best results from inoculation including factors such as dry sowing / acid tolerance / chemicals / soil type / effectiveness of existing and new rhizobia strains' by Liz Farquharson.

This will be followed by crop walks covering the latest pulse research, including:

- Soil amendments
- Faba bean canopy management
- Growing pulses on constrained soils
- Herbicide tolerance in pulses
- Weed control in pulses

With Presenters:

- Sarah Day (PIRSA - SARDI)
- Dylan Bruce (PIRSA - SARDI)
- Navneet Aggarwal (PIRSA)
- Liz Farquharson (SARDI)
